### Message from the Principals Desk

What an amazing start to term 4!

I have really enjoyed working with our amazing students in maths, literacy, science and history lessons. I have discovered a number of things about our students thus far. They are eager to learn and engage in lessons to the best of their ability. They are inquisitive asking some interesting questions, which has led to some great discussions. The qualities that I found most encouraging are their perseverance and resilience. I am a very proud principal to have the privilege of teaching such an amazing group of students.

It has been so encouraging to hear about our year 6 students positive experiences as they continue in their high school transition programs. Observing how well our 2023 Kindergarten students are settling into classroom and school routines has also been a pleasure.

Dates to Remember	
Mon 5 <sup>th</sup> – Fri 9 <sup>th</sup> Dec	Swimming Program
Wed 14 <sup>th</sup> Dec	Presentation Day
Fri 16 <sup>th</sup> Dec	Last day of term 4 for students

## Attendance

Our attendance goal at Barmedman is to be more than 90%.

## InitialLit – with Mrs Haisell

InitialLit with Mrs Haisell has been going well, seeing the growth in the students makes us all very proud.

These students have also been working on persuasive writing, which is an argument essay, using logic and reason to show that one idea is more legitimate than another.

Well done everyone – Keep up the great effort!

## Transition to Kindergarten & Year 7 2023

This term we continue our Kindergarten transition program and commence Year 6 into Year 7 transition at Aria Park Central School and Temora High School.

## Check In Assessments

Check In Assessments for year 4 and 5 were done last week for numeracy and reading. These assessments are completed by all students in the state, twice a year. They provide teachers with an extensive amount of information of what areas of the curriculum students are achieving and what areas to focus on for improvement. We are so proud of the student's participation!

## Swimming

This term we have our school swimming program. This program runs for 5 days, Monday 5<sup>th</sup> December – Friday 9<sup>th</sup> December, leaving the school at 9.50am and returning to school at 2.50pm. Notes were sent home last week. Please return the permission note and money by Friday 25<sup>th</sup> November

## Sun Safety

With the weather warming up I would like to remind parents and students about the importance of sun safety.

Students are required to wear a sun safe hat. Sunscreen is available for student use at school.
